All determinations made under these Terms and Conditions will reflect the fact that such Notes issued and directly held by the Issuer have been issued for no consideration (the subscription price for those Notes will be deemed to be zero). So long as any Notes are held by the Issuer, any rights attached to such Notes (such as financial rights and voting rights) will be suspended.

(c) The Notes are not clearable through any clearing system and cannot (and will not) be admitted to trading and/or listed on any stock exchange, regulated or unregulated market.

(d) The Issuer will cause to be kept at the specified office of the Registrar and Transfer Agent a register of Noteholders of Notes (the **Register**). The Registrar and Transfer Agent will immediately inform the Issuer of any changes made to the Register.

(e) The Issuer undertakes to keep an up-to-date copy of the Register at its registered office at all times (the **Issuer Register**).

(f) A Noteholder may request from the Registrar and Transfer Agent an extract of the Register showing the entry relevant to its holding of the Registered Notes.

(a) Title to the Notes passes only by registration (inscription) in the Issuer Register.

(b) Ownership in respect of the Notes is established by the registration in the Issuer Register.

(c) Except as ordered by a court of competent jurisdiction or a public authority or as required by law, the Issuer may deem and treat the person registered in the Issuer Register as absolute owner of the Notes for all purposes (whether or not the Note is overdue) and no person will be liable for so treating the Noteholder.

(d) No transfer of a Note shall be recognised by the Issuer unless entered in the Register and the Issuer Register. In the case of discrepancies between the records of the Register and the Issuer Register, the latter shall prevail.

2. TRANSFERS

(a) A Note may be transferred by depositing at the specified office of the Registrar and Transfer Agent a document evidencing the transfer of the Registered Note in the form satisfactory to the Registrar and Transfer Agent and the Issuer, together with a copy of the passport or ID card of each of the transferor and the transferee and/or such other documents as the Registrar and Transfer Agent and the Issuer may reasonably require.

Noteholders shall not be entitled to further interest or any additional amounts as a result of such payment. The **Applicable Exchange Rate** shall be (i) (if such exchange rate is available) the exchange rate of Euro against the Specified Currency or the Successor Currency (if applicable) determined and published by the European Central Bank for the most recent calendar day falling within a reasonable period of time prior to the relevant due date, or (ii) (if such exchange rate is not available) the exchange rate of Euro against the Specified Currency or the Successor Currency (if applicable) which the Fiscal Agent has calculated as the arithmetic mean of offered rates concerning the Specified Currency or the Successor Currency (if applicable) quoted to the Fiscal Agent by four leading banks operating in the international foreign exchange market for the most recent calendar day falling within a reasonable (as determined by the Fiscal Agent in its reasonable discretion) period of time prior to the relevant due date, or (iii) (if such exchange rate is not available) the exchange rate of Euro against the Specified Currency or the Successor Currency (if applicable) as determined by the Fiscal Agent in its reasonable discretion.

(b) Any such notice shall be irrevocable, must specify the date fixed for redemption and must set forth a statement in summary form of the facts constituting the basis for the right of the Issuer so to redeem.

Whenever the Issuer is about to convene any meeting it shall immediately give notice in writing to the Registrar and Transfer Agent of the day, time and place of the meeting and of the nature of the business to be transacted at the meeting.
- 3.2** At least 21 clear days' notice specifying the place, day and hour of the meeting shall be given to the Noteholders in the manner provided in in the relevant terms and conditions of the Notes. The notice, which shall be in the English language, shall state generally the nature of the business to be transacted at the meeting and shall either (i) include statements as to the manner in which holders may, if applicable, appoint proxies or representatives, or (ii) inform Noteholders that details of the voting arrangements are available free of charge from the Registrar and Transfer Agent, provided that, in the case of (ii) the final form of such details are so available with effect on and from the date on which the notice convening such meeting is given as aforesaid. A copy of the notice shall be sent by post to the Issuer (unless the meeting is convened by the Issuer).
- 3.3** The person (who may but need not be a Noteholder) nominated in writing by the Issuer shall be entitled to take the chair at each meeting but if no nomination is made or if at any meeting the person nominated is not present within 15 minutes after the time appointed for holding the meeting the Noteholders present shall choose one of their number to be chairman failing which the Issuer may appoint a chairman. The chairman of an adjourned meeting need not be the same person as was chairman of the meeting from which the adjournment took place.
- 3.4** At any meeting one or more Eligible Persons present and holding or representing in the aggregate not less than 51 percent in nominal amount of the Notes for the time being outstanding shall form a quorum for the transaction of business and no business (other than the choosing of a chairman) shall be transacted at any meeting unless the required quorum is present at the commencement of business.
- 3.5** If within 15 minutes (or such longer period not exceeding 30 minutes as the chairman may decide) after the time appointed for any meeting a quorum is not present for the transaction of any particular business, then, subject and without prejudice to the transaction of the business (if any) for which a quorum is present, the meeting shall if convened by Noteholders be dissolved. In any other case it shall be adjourned to the same day in the next week (or if that day is a public holiday the next following business day) at the same time and place.
- 3.6** At any adjourned meeting one or more Eligible Persons present (whatever the nominal amount of the Notes so held or represented by them) shall form a quorum and shall have power to pass any resolution or any other resolution and to decide upon all matters which could properly have been dealt with at the meeting from which the adjournment took place had the required quorum been present.

4. CONDUCT OF BUSINESS AT MEETINGS

- 4.1 Every question submitted to a meeting shall be decided by a poll. In the case of an equality of votes for any resolution which does not require any particular quorum, the resolution shall be deemed to be rejected.
- 4.2 The chairman may, with the consent of any meeting, adjourn the meeting from time to time and from place to place. No business shall be transacted at any adjourned meeting except business which might lawfully (but for lack of required quorum) have been transacted at the meeting from which the adjournment took place.
- 4.3 Any poll on the election of a chairman or on any question of adjournment shall be taken at the meeting without adjournment.
- 4.4 Any director or officer of the Issuer and its lawyers and financial advisers may attend and speak at any meeting. Subject to this, no person shall be entitled to attend and speak nor shall any person be entitled to vote at any meeting of the Noteholders or join with others in requiring the convening of a meeting unless he is an Eligible Person. No person shall be entitled to vote at any meeting in respect of Notes held by, for the benefit of, or on behalf of the Issuer. Nothing contained in this subclause shall prevent any of the proxies named in any form of proxy from being a director, officer or representative of or otherwise connected with the Issuer.
- 4.5 Subject as provided in subclause 4.4 above, at any meeting, every Eligible Person present shall have one vote in respect of one Note. Any person entitled to cast more than one vote need not use all his votes or cast all the votes to which he is entitled in the same way.
- 4.6 A meeting of the Noteholders shall have powers specified in the terms and conditions of the relevant Notes. All powers shall be exercisable by a meeting of the Noteholders by a resolution adopted by a simple majority of the votes cast (subject to the provisions relating to quorum contained in subclauses 3.4 and 3.6). Notwithstanding any provision to the contrary in this section or the terms and conditions of the Notes, no modification may be made to the terms and conditions of the Notes without the prior written consent of entities acting as account banks in connection with the Notes.
- 4.7 Any resolution passed at a meeting of the Noteholders duly convened and held in accordance with these provisions shall be binding upon all the Noteholders whether present or not present at the meeting and whether or not voting and each of them shall be bound to give effect to the resolution accordingly and the passing of any resolution shall be conclusive evidence that the circumstances justify its passing. Notice of the result of voting on any resolution duly considered by the Noteholders shall be published in accordance with the terms and conditions of the Notes by the Issuer within 14 days of the result being known provided that non-publication shall not invalidate the resolution.
- 4.8 Minutes of all resolutions and proceedings at every meeting shall be made and duly entered in books to be from time to time provided for that purpose by the Issuer and any minutes signed by the chairman of the meeting at which any resolution was passed or proceedings had shall be conclusive evidence of the matters contained in them and, until the contrary is proved, every meeting in respect of the proceedings of which minutes have been made shall be deemed to have been duly held and convened and all resolutions passed or proceedings had at the meeting to have been duly passed or had.

If and whenever the Issuer has issued and has outstanding Notes of more than one series the previous provisions of this section shall have effect subject to the following changes:

- a resolution which affects the Notes of only one series shall be deemed to have been duly passed if passed at a separate meeting of the holders of the Notes of that series;

-
- a resolution which affects the Notes of more than one series but does not give rise to a conflict of interest between the holders of Notes of any of the series so affected shall be deemed to have been duly passed if passed at a single meeting of the holders of the Notes of all the series so affected;
 - a resolution which affects the Notes of more than one series and gives or may give rise to a conflict of interest between the holders of the Notes of one series or group of series so affected and the holders of the Notes of another series or group of series so affected shall be deemed to have been duly passed only if it is duly passed at separate meetings of the holders of the Notes of each series or group of series so affected; and
 - to all such meetings all the preceding provisions of this section shall mutatis mutandis apply as though references therein to Notes, Noteholders and holders were references to the Notes of the series or group of series in question or to the holders of such Notes, as the case may be.

SECTION D – RISKS

Element	Title	
D.2	Key risks regarding the Issuer	<p>The Issuer has a limited operating history that can be evaluated as a basis for the Issuer’s potential performance.</p> <p>The operations of the Issuer are dependent on the abilities of the members of its Board of Directors.</p> <p>Business activities of the Issuer as arranger in respect of the issuance of notes by Timberland Securities SPC, Timberland Securities II SPC, Timberland Securities plc, Timberland Securities S.A., Timberland Investment S.A. and/or any other securitisation vehicle in respect of which the Issuer may act as arranger in the future may impact the ability of the Issuer to service interest on the Notes and to repay principal on the maturity or any other payment date.</p> <p>The Issuer may apply part of the proceeds received from the sale of the Notes to invest in financial instruments, which will be subject to normal market fluctuations and the risks inherent in all investments, including the risk that the Issuer may not realise all or part of the capital invested. This may impact the ability of the Issuer to service interest on the Notes and to repay principal on the maturity or any other payment date.</p> <p>In the event that the Issuer were determined to be subject to CRD IV and CRR, and would hence be subject to the regulatory requirements under CRD IV and CRR, this could have a negative impact on the Issuer’s business, operational results, financial condition or prospects. In the event that the Issuer were deemed to fall within the remit of the BRRD, regulatory action in the case of the Issuer’s failure could adversely affect the value of the Notes. The principal amount of the contingent capital Notes, including accrued but unpaid interest, may be written off, converted into common equity Tier 1 capital or otherwise applied to absorb losses. Furthermore, there is a risk that the Issuer may not be able to meet minimum requirements for own funds and eligible liabilities which could materially adversely affect the Issuer’s ability to service interest on the Notes and to repay principal on the maturity or any other payment date.</p> <p>In the event that the Commission Securitisation initiative adopted on 30 September 2015 were to enter into force, this may impact the marketability of the securitized debt instruments in respect of which the Issuer acts as arranger. This could negatively impact the revenue streams of the Issuer and its business and financial prospects.</p> <p>The Noteholders assume the credit risk of the Issuer. In the case of insolvency of the Issuer, the Noteholders may lose part or all of their claims to repayment of their invested capital.</p>

Element	Title
	<p>The Issuer's overall performance and results may also be adversely affected by external factors beyond the Issuer's control, which include, amongst others, changes in economic and market conditions.</p> <p>In the event that investors' demand for the Notes does not reach the levels anticipated by the Issuer, the Issuer may be adversely affected. If one or more compan(y)(ies) which may form part of the same group of the Issuer have difficulty in securing adequate sources of liquidity this may have a material adverse effect on the business, financial condition and results of operations of the Issuer.</p> <p>Any downgrade of the credit rating which may, in the future, be assigned to: (a) the Issuer and/or any company which may form part of its group, and/or (b) Malta or any other country in which Issuer has or may in the future have significant operations, could have a material adverse effect on the liquidity and competitive position of the Issuer, undermine confidence therein, increase its borrowing costs, limit its access to funding and capital markets and/or limit the range of counterparties willing to enter into transactions with the Issuer and may, as a consequence, have a material adverse effect on the Issuer's business, financial condition and results of operations.</p> <p>New governmental or regulatory requirements and changes in perceived levels of adequate capitalisation and leverage could potentially subject the Issuer to increased capital requirements or standards and require it to obtain additional capital or liquidity in the future. In the event that any one or more of the foregoing matters were to apply to the Issuer and/or to any member which may form part of its group, this could have a negative impact on the business of the Issuer, the products and services it offers as well as the value of its assets, and may require the Issuer to change the manner in which it conducts its business.</p> <p>The future development of the Issuer's assets, financial and profit position, inter alia, depends on the tax framework applicable to it. Every future change in legislation, relevant decision of the Courts and/or the tax authorities' administrative practice may have a negative impact on the Issuer's business.</p> <p>In the event that the Issuer's risk management systems fail to identify, anticipate or correctly evaluate risks to which the Issuer may be exposed, the Issuer may experience material unanticipated losses, which could have an adverse effect on its business, financial condition and operational results.</p> <p>The Issuer is exposed to operational risk, which is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events, including in particular legal, regulatory and compliance risk. The Issuer is also susceptible to, among other things, operational errors, clerical or</p>

Element	Title
	<p>record-keeping errors and errors resulting from faulty computer or telecommunications systems. Any inadequacy of the Issuer's internal processes or systems in detecting or containing such risks as aforesaid could have a material adverse effect on Issuer's business, financial condition, operation results and prospects.</p> <p>If the Issuer is unable to attract and retain new talent in key strategic markets or if competition for qualified employees increases its labour costs, this could have a negative impact on the Issuer.</p> <p>The Issuer's results may, in the future, depend (in part) on the profitability of one or more of its future subsidiaries. In the event that such subsidiaries (if any) do not generate profits, this could have a material adverse effect on the Issuer's results of operations in that period, and on the Issuer's ability to make payments on the Notes.</p> <p>The Issuer faces competition in all aspects of its business and competes with a number of large international financial institutions and other local competitors in the markets in which it operates including Malta, the Cayman Islands and Luxembourg. If the Issuer is unable to respond to the competitive pressures in these markets, it may suffer a reduction in its market share in important sectors of its business or incur losses, and its financial condition and operational results may be adversely affected.</p> <p>Monitoring compliance with the rules and regulations regarding money laundering, sanctions, corruption and the financing of terrorism (hereinafter the AML Rules) can pose technical problems and can also impose a significant financial burden on the Issuer. Any violation of AML Rules, or even alleged violations, may have severe legal, monetary and reputational consequences and could have a material adverse effect on the Issuer's business, financial condition and results of operations.</p> <p>Changes in consumer protection laws or the interpretation of consumer protection laws by courts or governmental authorities could limit the fees that the Issuer may charge for certain of its services and thereby result in lower commission income being received by the Issuer. Moreover, any changes in consumer protection laws or the interpretation of such laws by courts or governmental authorities could impair the Issuer's ability to offer certain products and services or to enforce certain clauses in contracts with client. This may reduce the Issuer's net income and have an adverse effect on its results of operations.</p> <p>The Issuer may in the future seek to make acquisitions to support its business objectives and complement the development of its business in existing and new geographic markets. Such strategic transactions would, if pursued, demand significant management attention and will require the Issuer to divert financial and other resources that would</p>

Element	Title	
D.3	Key risks regarding the Notes	<p>otherwise be available for its existing business, which could lead to unexpected losses for the Issuer which may have a material adverse effect on the Issuer's business, financial condition and results of operations.</p> <p>The UK's potential exit from the EU as a result of referendum in the UK which has been held in June 2016 or any future referendum could limit market access for the Issuer for the sale of financial products therein.</p> <p>The Notes are not complex financial instruments.</p> <p>The Notes have features which may contain particular risks for potential investors, in particular they (i) may, under certain circumstances, be redeemed early by the Issuer, and (ii) provide for payments of certain fees and expenses before any payments to the Noteholders. There can be no guarantee that the Noteholders may be able to re-invest the proceeds of such redemption at equivalent or higher rates of return. Furthermore, in the event that the Issuer were to be deemed to fall within the remit of the CRR, any redemption before the maturity date would be subject to the prior permission of the competent authority pursuant to Article 78(1) of the CRR. It is uncertain how the competent authority will apply these criteria in practice and such rules and standards may change during the maturity of the Notes.</p> <p>There can be no assurance that an active secondary market for the Notes will develop, or, if it develops, that it will continue. Furthermore, there can be no assurance that Noteholders will be able to sell the Notes at or above the subscription price or at all.</p> <p>No prediction can be made about the effect which future public offers of the Issuer's securities or any takeover or merger activity involving the Issuer, if any, would have on the market price of the Notes prevailing from time to time.</p> <p>The contingent capital Notes constitute direct, unsecured and subordinated obligations of the Issuer. Subordination means that the rights and claims of the Noteholders in respect of the payment of capital and interest on the Notes will, in the event of dissolution and winding-up of the Issuer, rank after the claims of all senior indebtedness and will not be repaid until all other senior indebtedness outstanding at the time has been settled. Accordingly, there is a substantial risk that investors who/which invest in the Notes will lose all or some of their investment should the Issuer become insolvent, or, if following a write-down, the Issuer has insufficient profit to write up the Notes.</p> <p>Under the terms and conditions of the contingent capital Notes, if the Issuer incurs an annual balance sheet loss this would trigger a write-down of the nominal amount of the Notes. Noteholders may lose all or some of their investment as a result of a write-down, unless, following such write-down, the Notes are subsequently written up.</p>

Element	Title	
		<p>The value of investments can rise or fall, and past performance is not necessarily indicative of future performance.</p> <p>Investment in the Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of the Notes.</p> <p>A Noteholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Notes and the Noteholder's currency of reference, if different.</p> <p>In the event that the Issuer wishes to amend any of the provisions of and/or conditions contained in this Base Prospectus, including the Terms and Conditions of the Notes, it shall call a meeting of Noteholders for approval. Defined majorities of Noteholders may bind all Noteholders including those that did not attend and vote at the relevant meeting and Noteholders who attended and voted in a manner contrary to the majority.</p> <p>Noteholders should be aware that they may not be able to sell their Notes if trading in the Notes is suspended, interrupted or terminated and should also note that during periods of suspension or interruption of trading, stock exchange quotations may not adequately reflect the price of the Notes.</p> <p>Any rating which may, in the future, be assigned to the Notes, may not adequately reflect all risks of the investment in such Notes. Equally, ratings may be suspended, downgraded or withdrawn. Such suspension, downgrading or withdrawal may have an adverse effect on the market value and trading price of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be revised or withdrawn by the rating agency at any time.</p>
